Store Looted Of \$500--Also Cash Register

A man believed armed created a new twist in holdups when he walked off with not only the money but the entire cash register from Erwin's Grocery in Enumclaw last night.

Mrs. Sara Erwin, mother of the store owner, told deputy sheriffs that the robber walked into the small store, hefted the register and walked out. He was hunched over from the weight of the machine.

Mrs. Erwin, who was alone in the store, said the robber got into a small red car and drove away.

Jim Erwin, store owner, said about \$500 was in the register. He added that it was the first robbery of his store in 17 years.
